

## PASTURE CATTLE INSURANCE

**THEY AREN'T JUST LIVESTOCK. THEY'RE YOUR LIVELIHOOD.  
MAKE THEIR PROTECTION YOUR PRIORITY.**

## 1916

The year that The Hartford introduced our Livestock Insurance Program. Today, we serve a multitude of livestock owners and producers by offering:

- Generous standard coverage
- A range of valuable coverage options
- Service by livestock and insurance experts who use the experience and knowledge developed over our 100 year history in the livestock insurance business

Markets, range condition, weather, animal health – a lot can impact your pasture cattle operations. Despite all the controls you put in place to run a successful business, losses and hardship can still occur due to events outside of your control. As you insure your operations for these events, don't forget to insure your cattle.

Pasture cattle coverage from The Hartford is designed to provide you with the protection you need.

### A ROUNDUP OF OPTIONS

The Hartford offers highly valued optional protection at cost-effective prices:

**Valuation schedule.** Our standard program values covered livestock at current market value. But our optional valuation schedule can provide more flexibility. It amends coverage with values for types or categories of covered livestock that you and The Hartford agree aren't represented by current market value.

**Carcass removal coverage.** Adds the expense of carcass removal to our standard program if such carcasses are covered livestock that died as a result of a covered cause of loss.

### 24/7 SUPPORT FROM EXPERTS IN CATTLE CLAIMS

Our in-house Claims service consultants provide you with a single point of contact on claims issues and coverage assessments. They're on call 24 hours a day to provide you with timely and efficient service. Be assured you'll deal with a professional who knows your business inside out, which can expedite loss settlements.
