The Hartford's fifth annual *Small Business Success Study* is part of the company's ongoing research to better understand the current mindset of small business owners and how they view success.

Braun Research and Ketchum Global Research & Analytics conducted a telephone survey among small business owners in St. Louis and across the United States for The Hartford's *Small Business Success Study*. A total of 2,003 interviews were completed nationally, as well as an oversample of 300 in the St. Louis, MO Designated Market Area (DMA) with owners of for-profit businesses with fewer than 100 full-time employees that have been in business for at least one year. One owner, co-owner, principle owner or sole owner per business was interviewed. The interviews were conducted between July 7-16, 2015. The National margin of error is ± 2.1 percentage points, St. Louis margin of error is ± 5.7 percentage points.
